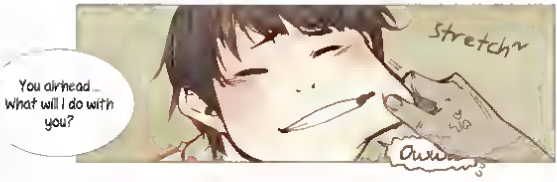
Winter 2009
You won't enter a university, you won't look for a job
Smile
What on earth are you thinking of doing, Ju Dong-hwi?!
Snap



You airhead... What will I do with you?
Stretch~
Aww~

Boy if you don't want any regrets after becoming an adult
Think about your future seriously!
Bang
Tingle tingle
Yes sir...

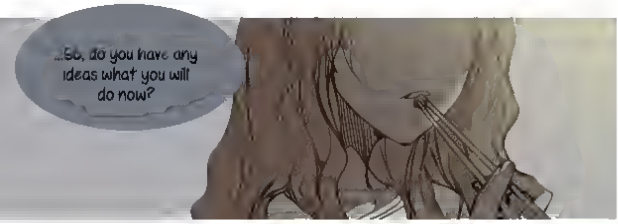
Put it into action not just words!
Slide~
Yes sir~
Close

An adult, huh...

I will have more than 20 years
to spend as an adult..

Wouldn't it be fine to spend my days carefree
until I'm at least twenty?

Yun-lee, let's have dinner~
So what did the hospital say?
They said I won't have any difficulty with my daily life from now on.
Really? I'm glad to hear that.
You've endured so much since your accident dear I'm proud of you



You can start over!

...Start over?

Even though I will be turning twenty-one soon?

People cannot live forever.
Considering this, people will grow old and become adults.
For their convenience, people say that the criteria for adulthood is when you turn twenty-one.
...if we assume that criteria is correct
Are we considered adults?
Or are we not?

Why must I..

Why must I live like this?

It's just that.. I had a traffic accident

It's just that I had the misfortune to get injured two days before the SAT*

And that it took one year for the injuries to heal completely.

But

it

seems

like

my

life

has

become

a

mess...

At times like this, I find comfort...

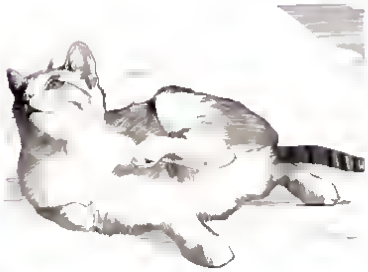
In cats.

Cats are special.

A cat's gaze is

always calm and carefree.

Their supple, ballet-like movements



are even dignified

So when I'm looking at them

"Oh well, it's all right..."

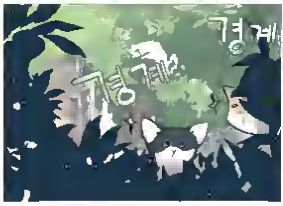
...is how I feel

In return for the comfort I receive...

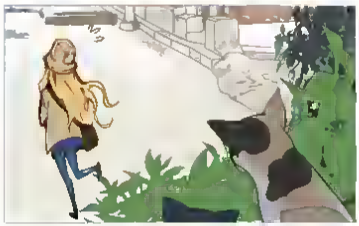
With the money I haven't spent on lunch...

Here's today's admission fee. Enjoy!

I purchase a can of catfood and give it to them.



SFX. On guard



SFX. Approach

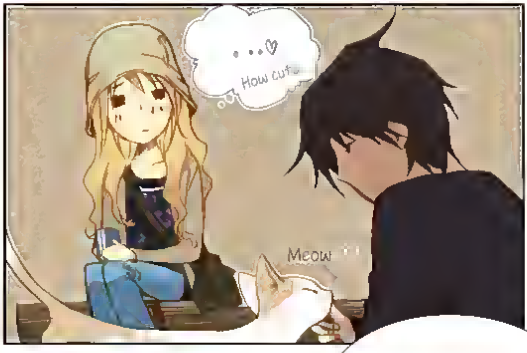
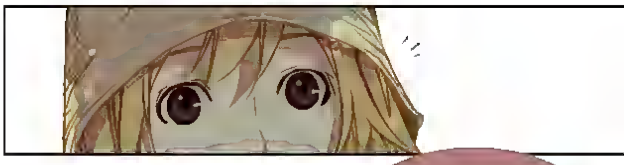
SFX: Rub rub



You know how people call a feline without an owner a "thieving cat," right?

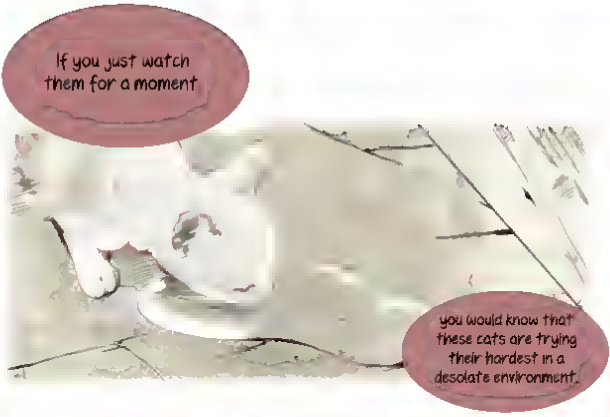


I didn't think it was strange before,

But I've come to question it lately.

What did these cats steal,

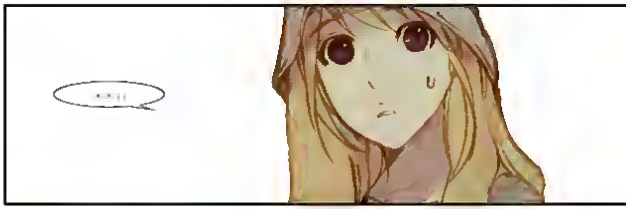
that they are accused of theft .
Why did they steal...



If you just watch them for a moment
you would know that these cats are trying their hardest in a desolate environment.

where a sip of water is scarce

and they're left alone on the road even when struck by a car .



Even though they live such a hard life,
I have never seen them having a hard time

You know how cats are always looking at the world with confidence, right?

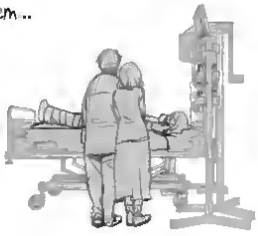
As if they're fine with it...

I read it in a book before,
that animals don't feel sorry for themselves. That touched my heart.
The life of animals, without self-pity and simply devoted to the time given.
The life of humans, with sympathy for other living beings.
...If we can travel halfway between those two paths,

Don't you think our lives would be wonderful?

Not feeling sorry
for oneself...

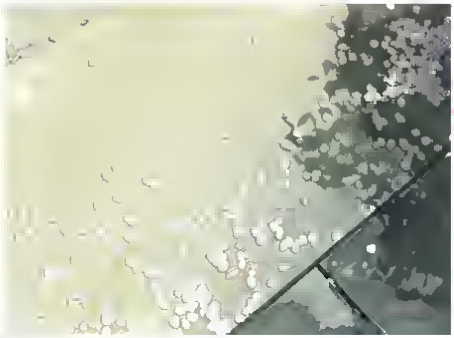
The reason why my heart is at ease when I look at them...



...It would be nice if we can do that someday.

There are petals on your hat.

T...Thank you...
I'm fine.



The cherry blossom season must be near its end. They're really pouring down, aren't they?

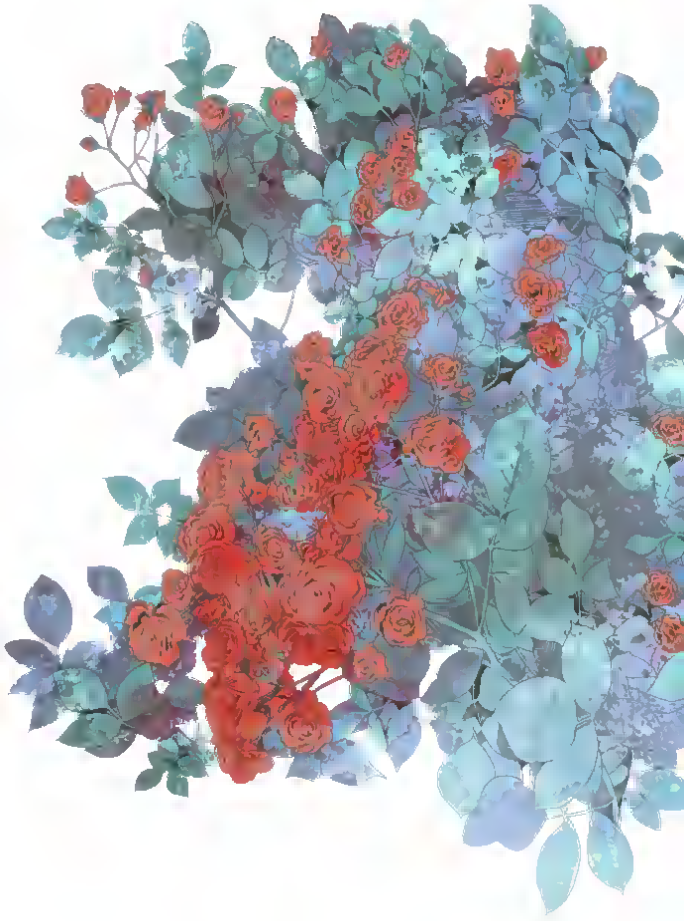
Chapter 3: Rose



We'll resume class in the afternoon

Unni would you like to eat lunch with us?
Ah.. sorry

I have an appointment with a friend..
Oh okay Let's eat together next time

Sure, thanks

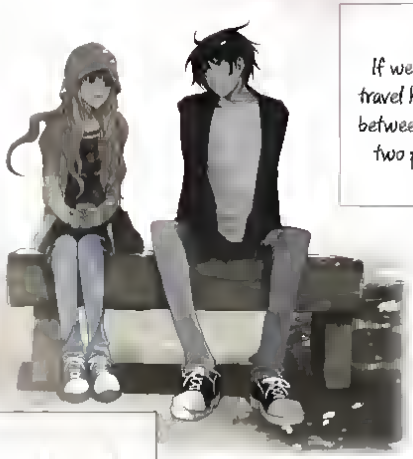
Canned foods are fine, but isn't there something more filling...?

It's more expensive than I thought... Mm...

It's not like I can ask for more allowance
Or work part-time, since I'm in prep school all day long
I'm really no different from when I was nineteen

The life of animals, without self-pity and simply devoted to the time given

The life of humans, with sympathy for other living beings.



If we could travel halfway between those two paths,

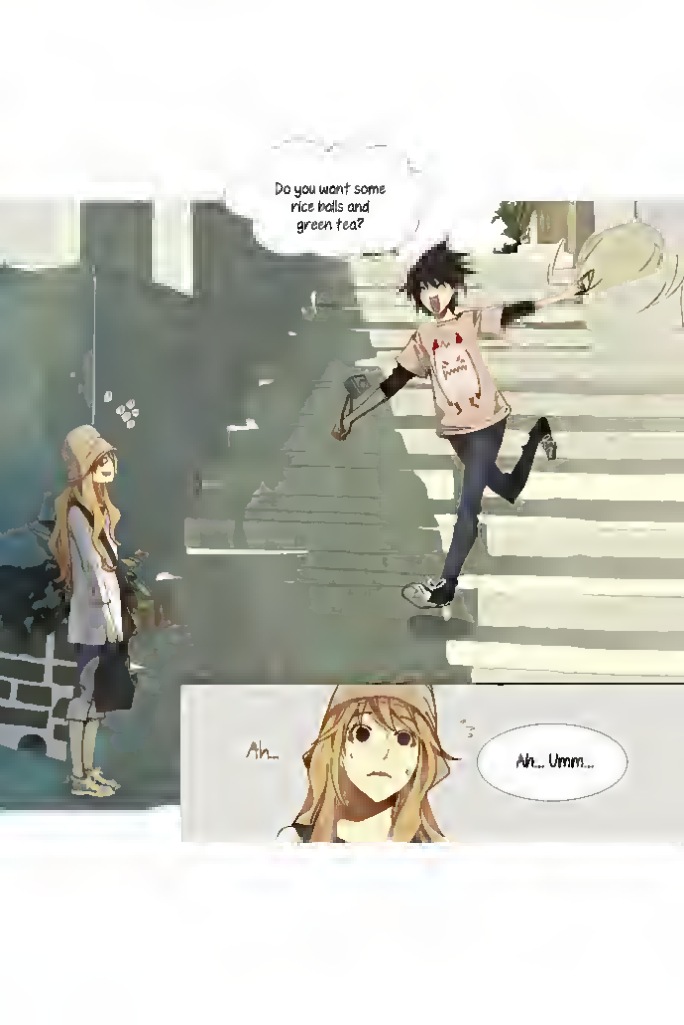
Don't you think our lives would be wonderful?

How can I be a little more...

say_cheese~

Ah!

Good afternoon~
Nice to see you again!
G-Good afternoon...
Have you had lunch?



Do you want some rice balls and green tea?
Ah...
Ah... Umm...

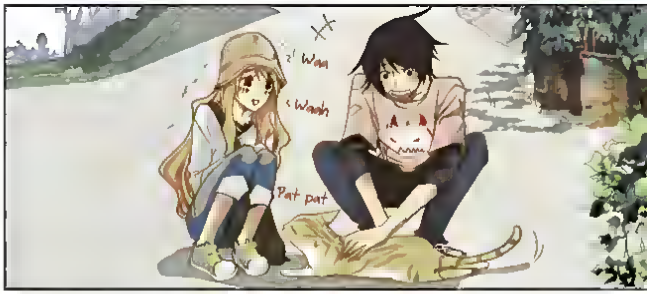
I know a good place to eat lunch in weather like this.
Let's eat together
As an added bonus I'll introduce you the nya-vericks that I feed.

This guy is Number One.

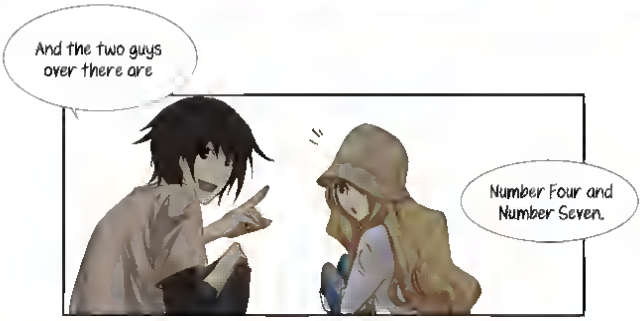
It's okay to get close or touch him, because I've known him the longest among the nya-vericks.

Enough for him to follow me home, you could say.

Perhaps he's trying to become domesticated. Haha.



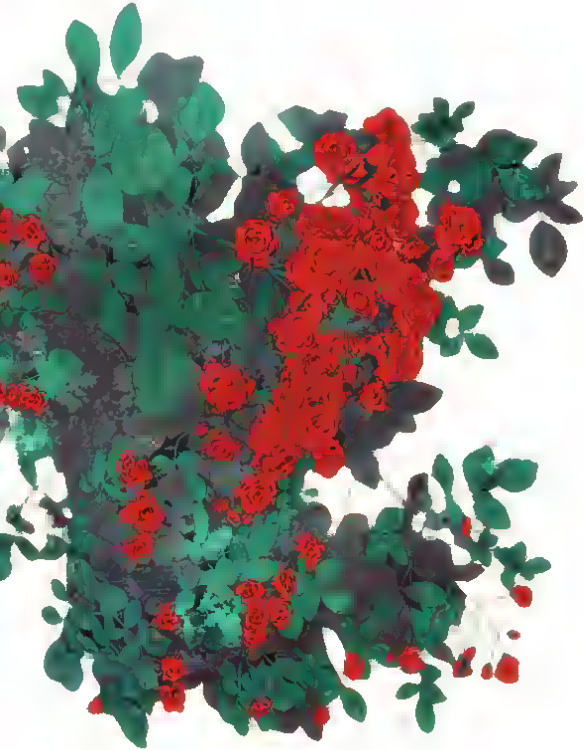
Was
Wash
Pat pat



And the two guys over there are
Number Four and Number Seven.

I got to the point where they won't run away from me though I'm not as close to them as Number One.
Oh, and Number Four is Number Seven's parent.
I made eye-contact with a strange woman!
The ones we saw yesterday at the park were Number Three and Number Five.
Son~
Calm down.

Number Two likes to hang out a bit farther from here
How many of them are there?
If I include the one I recently got to know there are eight of them.
Let's go over to where Number Two is. That's the spot I was talking about
Phew~



So many roses.
They're blooming already...
What do you think? Isn't the view nice?
The air is different here, since it's a hiking trail.

But I don't see Number Two anywhere today

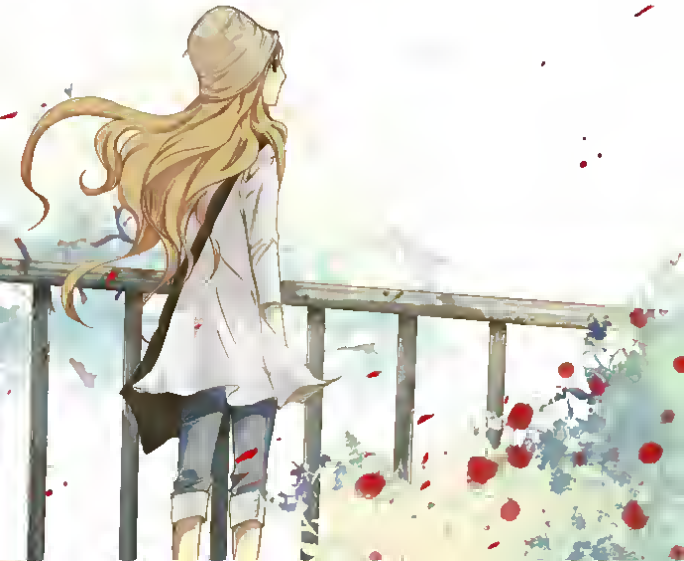
Can you wait a moment? I'll check the spot where I leave their food.

Ah..

Would you mind taking this as well?

I heard it's good if you give them water with their food, so... there's also a bottle of mineral water

I'll leave them together.
Be back in a sec!



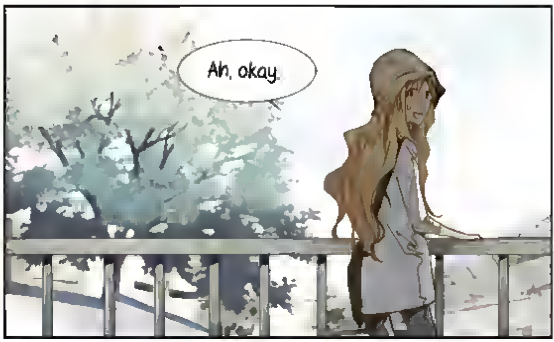
Wow, it's the path we passed through a while ago.
The roses below are laid like a carpet

Ah, it's a cat.
Number Two?

It's leaving...

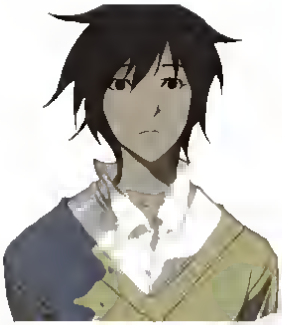
If it would just come by this way, it could have a meal before it goes...

Oh. You shouldn't lean over too much, it's dangerous.



I've lived here since childhood,
but I didn't know a place like this existed
I recently came to know this place, too.

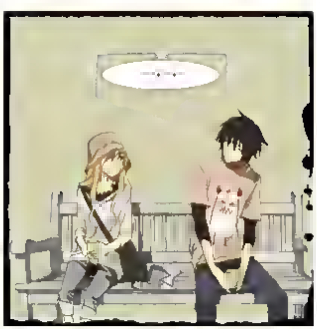
One day by chance...

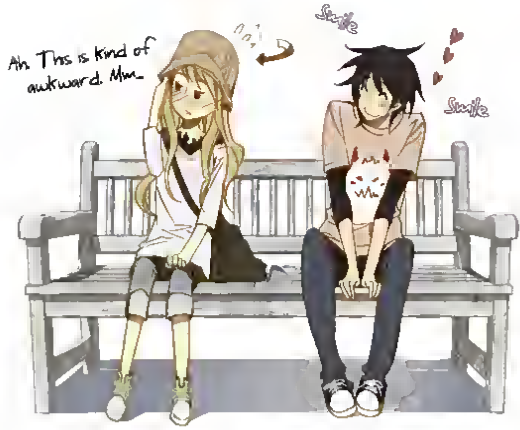


...and found myself
in an unfamiliar
place

I might be creating meanings on my own but...
Whenever I follow their footsteps, it seems as if...

They let me come across wonderful sceneries and nice people. So, it's fun.





Ah. This is kind of awkward. Mm..

Nineteen,
Twenty-one

Munch munch
Umm...
It's kind of rude of me to ask since you're treating me all the time, but...
Why are they always from a convenience store?

And what's with the expiration date? Are you sure they're okay to eat?
Nyaam!
I work part-time at a convenience store, so...
You work part-time?

I have a regular part-time job at the convenience store, from evening to dawn
I also do one-day manual labor if I need more money every now and then...
Isn't it difficult?

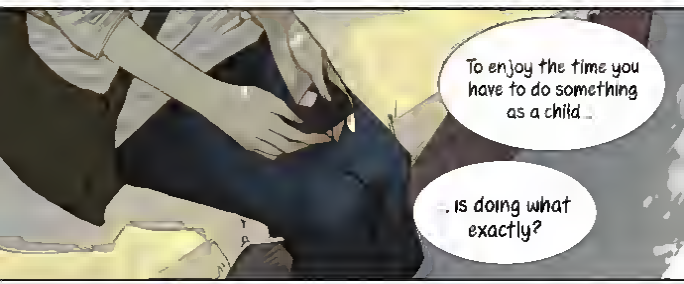
It'd be a lie if I said it wasn't.
But I plan on staying like this for about a year...
...enjoying my days carefree remaining as a child. So, it's bearable
...What do you mean by that?
"Carefree, remaining as a child"?

Mm
Nyaa
You know how people generally say that you're an adult once you become twenty right?
Although I've graduated from high school, I'm still nineteen
So I want to enjoy the time I have before I become an adult...

After all, once you become an adult ..
You'll have to live as one for over 20 years.
By the time you find employment, get married, have children. .

I want to enjoy the time I have as a child before I become an adult, if that's how it's going to be

What is it that you want to do?
Huh?



To enjoy the time you have to do something as a child ..
. is doing what exactly?

So... Mmm...
Are you talking about what I'd like or what I'd want to do?
Well if you leisurely search for it
.....
Nuna?

When I was nineteen, I used to dream about the life in university
Attending classes and enjoy doing activities...
...that I'd like to do whenever I want.
And becoming an adult...
...as you spend the days leisurely thinking about the future
I thought that was only natural.
But...

But it seems like my life has become a mess...

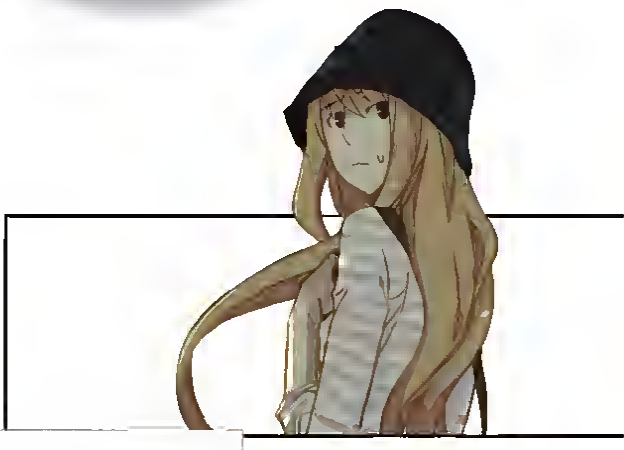
Enjoy your days carefree?
One year is shorter than you think.
If you take away the time for basic things like sleeping and eating,
there are only a few hours in a day at most.
And there will be days where you won't be able to live your fullest even in those few hours.
What are going to do if one year ends before you could even begin doing something?

Then what's sa different about it fram...
...the life of an adult, that you think is meaningless?

.....
Sorry, I've got to go before I'm late for class.
Ah...

Okay..

All that talk was just out of envy.



What that child is dreaming of is no different than what I dreamt of.

What I lost due to a minor accident...

The time when I was twenty...

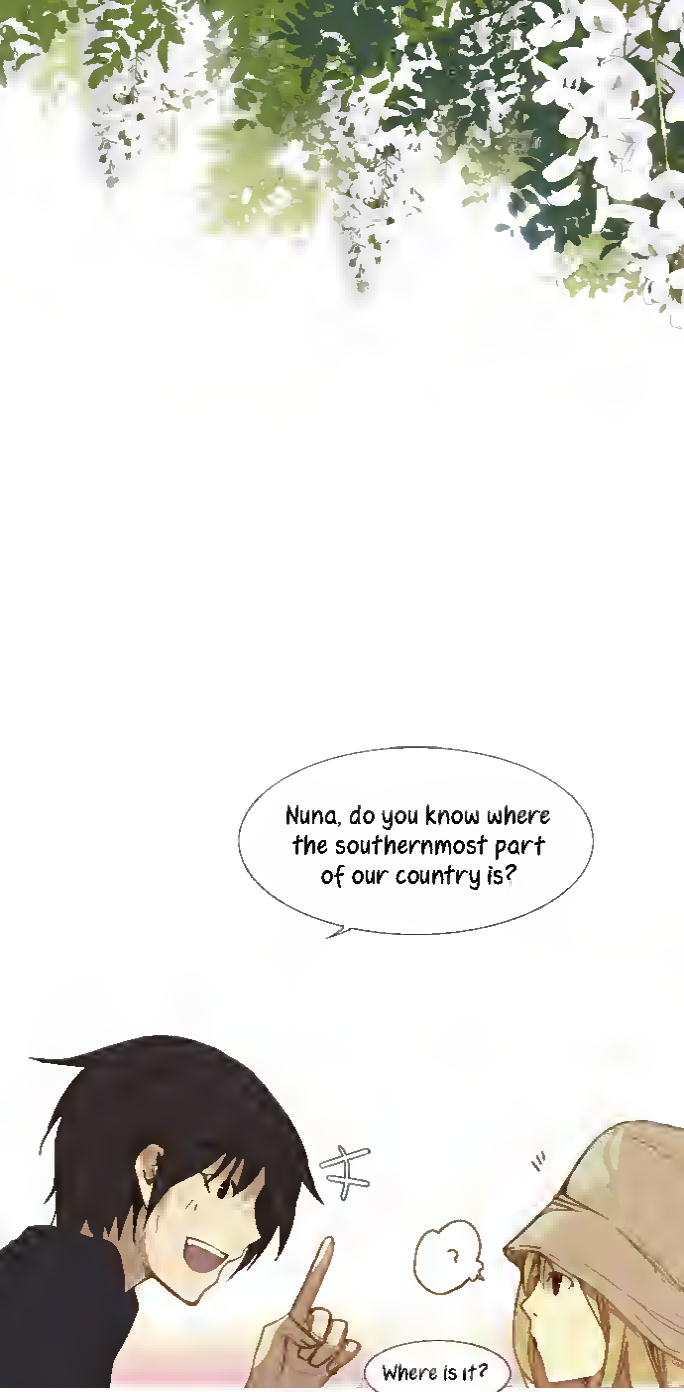
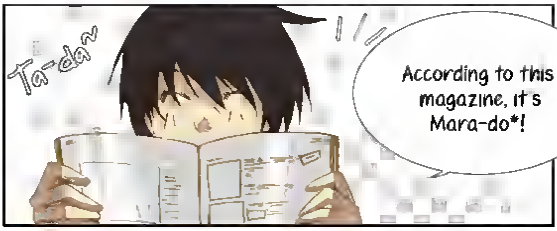
Chapter 5: Robinia

John Art Jeff

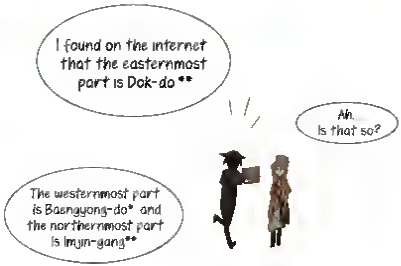


Nuna, do you know where the southernmost part of our country is?
?
Where is it?

*TN: Mara-do is a tiny treeless island 11 km off the south coast of Jeju

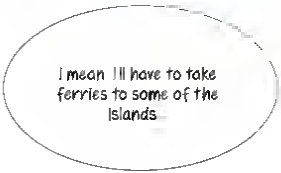


**TN: Dok-do is a group of small islets in the East Sea



I found on the internet that the easternmost part is Dok-do**
Ah. Is that so?
The westernmost part is Baengyong-do* and the northernmost part is Imjin-gang**

*TN: An island located near the Northern Land Line.
**TN: A river flowing from North Korea to South Korea crossing the Demilitarized Zone and joining the Han River downstream of Seoul

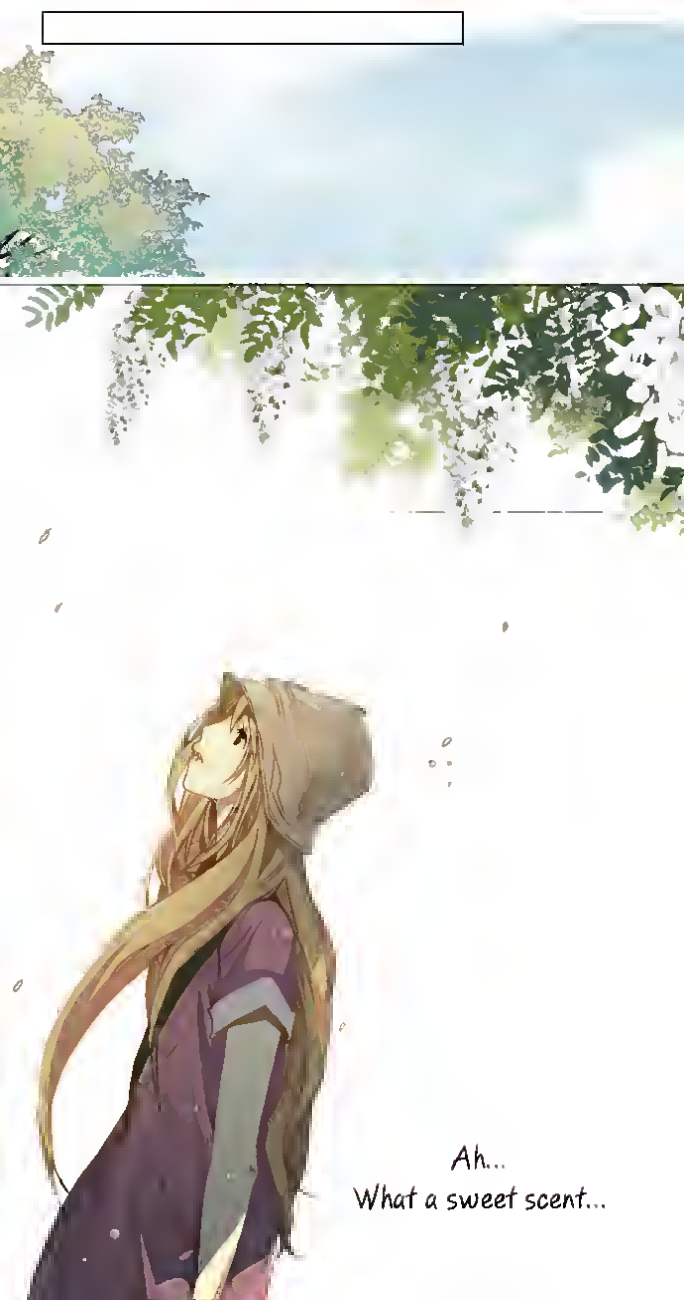


..but I m going to walk to all of them, as much of the way as I can.
Isn't it cool?
I always liked walking around

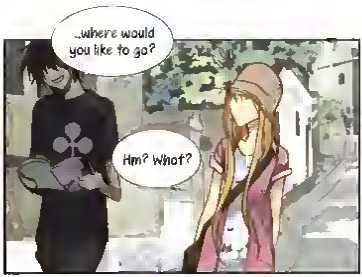
And if I walk around with a purpose,
I think there'll be a lot of things for me to learn and think about
Yeah, you could...
But there are a lot of things to prepare, like traveling expenses and itineraries, so I can't go right away.

Whether you leave today or years from now...
..as long as you're you, I'm sure you'll be able to make it a meaningful journey
Do your best!
.....!
It's all thanks to you, Nuna.
Huh? What did I do?

I've been thinking about what you've said to me this whole time
If you hadn't said that to me I would've passed it by without knowing an opportunity like this existed
Really, thank you.
Oh that
Well... I'm glad I could help.
Here, it's my treat!
It's okay



Ah...
What a sweet scent...



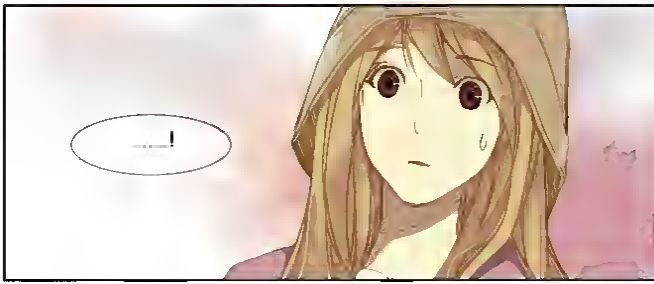
..where would you like to go?
Hm? What?

Weren't you listening?

I say let's go...
To one of these places together.
Me? Why?

What do you mean "why"?
You said it looked like it was going to be fun-
Going to all of them would be too much, but you can go to at least one...
No, I can't. I have prep school, and—
AM

*T/N Sooneung is the Korean college entrance exam like the SATs



Even though I said those things..

I never meant it for myself

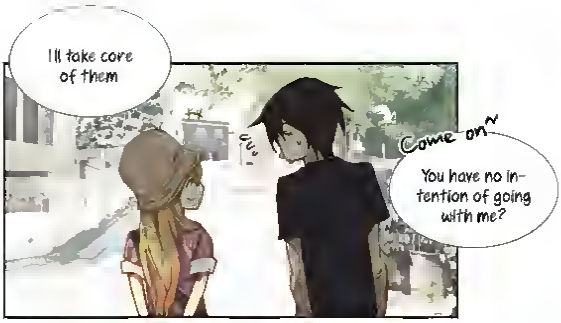
And becoming an adult

...as you spend the days leisurely thinking about the future

I said so much as if I knew everything

During a nice season for a walk,
we can watch the flowers that have blossomed.
And since we both like cats...
We'll stop for a moment if we see a cat, then continue on.

Ah, should we also take some fodder or cans?
Something like a national cat-wow? LOL
Ah!
I forgot!!
What about the food for the nya-vericks while we're on the journey?
Then while you're gone...



I'll take care of them
Come on~
You have no intention of going with me?

Let me see~
Yunlee-nuno~
ㅠㅔㅠ

it'd be nice if we went together~
Haha
.....
Hey, Number One~
It's me! You're hungry right?

Despite our ages,

are living in the time just before
we have to become adults..

I guess we're standing
in front of the same line

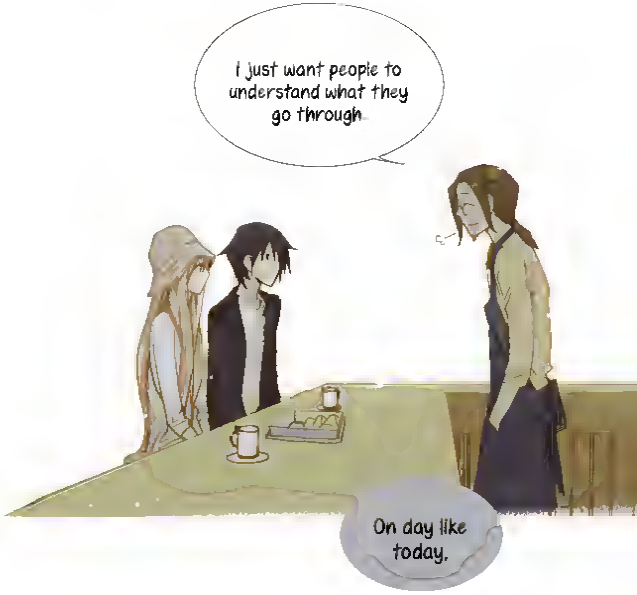
I'm okay with it



I just want people to understand what they go through
On day like today.

Where you have to find shelter from the rain..
And fight against ..
hunger and thirst.

If even one more person would come to understand this ..
I would be happy...
With just that..

Because if there are just a hundred people who get that,

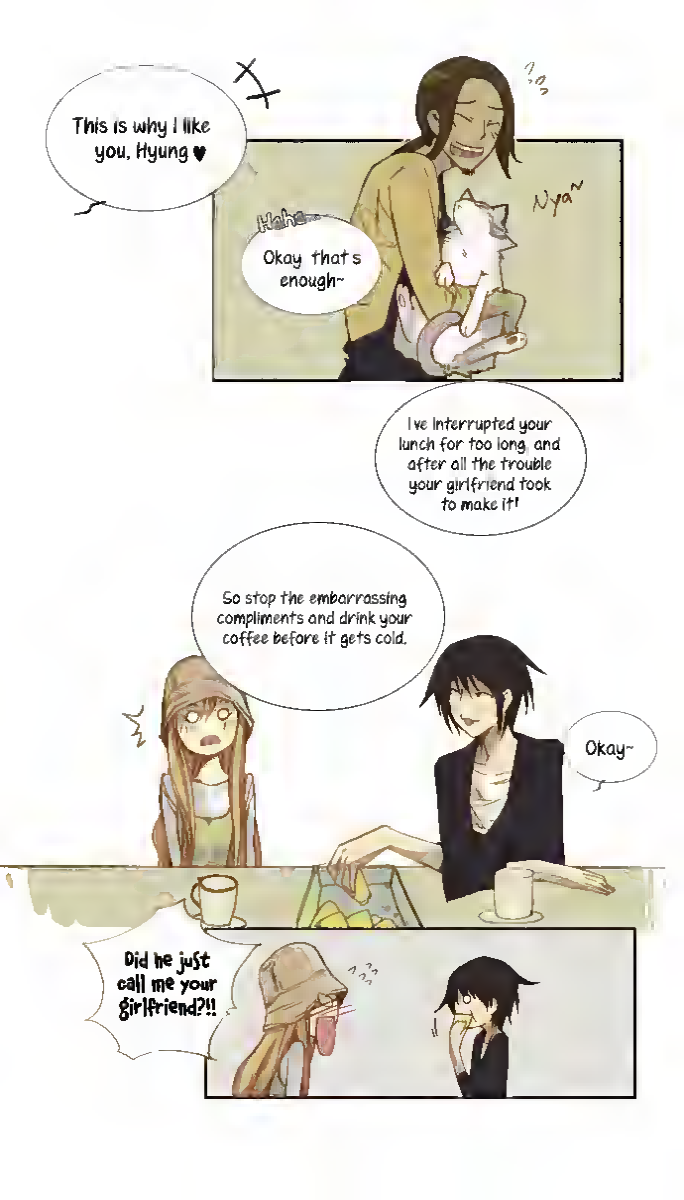
That makes a hundred ways to help cats.

How wonderful...

It would be nice if I could become one of those hundred people as well

My thoughts, exactly!

Well said!



This is why I like you, Hyung ♥
Haha
Okay that's enough~

I've interrupted your lunch for too long, and after all the trouble your girlfriend took to make it!
So stop the embarrassing compliments and drink your coffee before it gets cold.

Of course, of course I knew something was off.

Speechless
Nuna, do you...

Dislike me?

My goodness, I'm sick and tired of them.

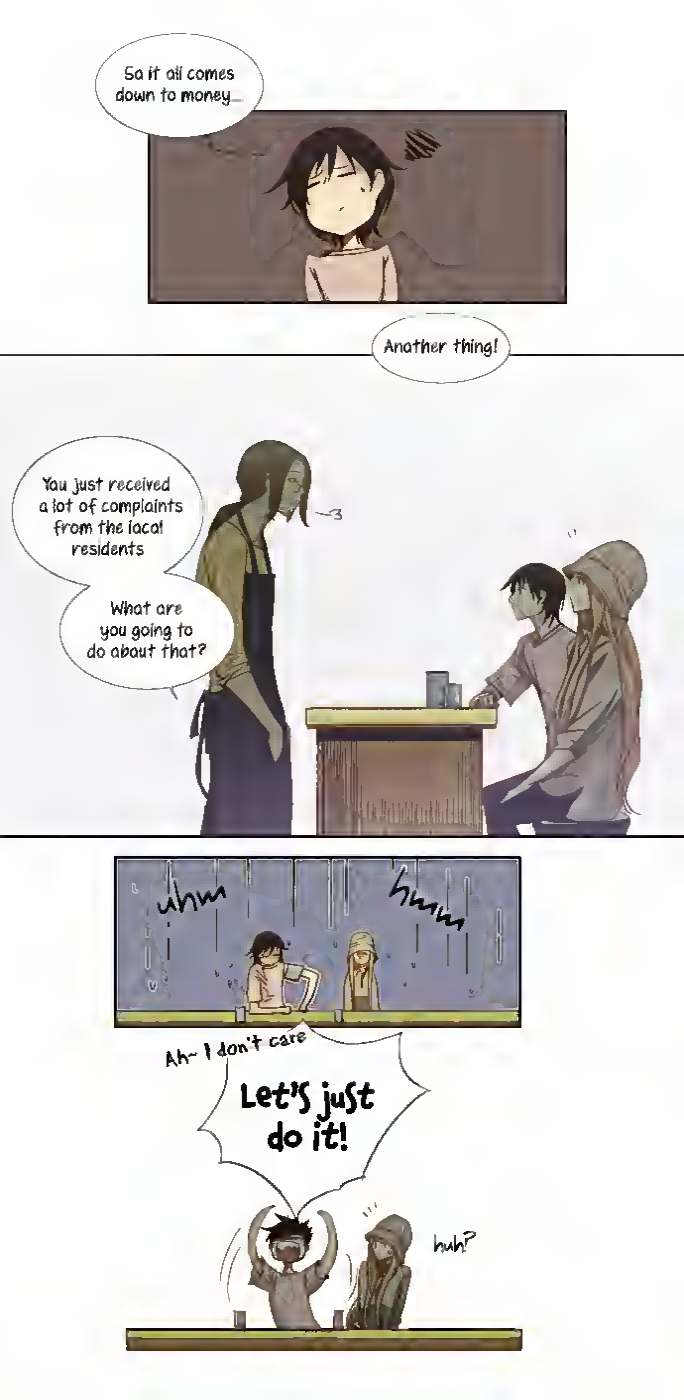
Wait,
You're really going to do it?
It's better than sitting here doing nothing.
Since our town doesn't have a TNR program,
you will have to do everything on your own from start to finish.
Never mind the trapping part, since you already know them,
But what are you going to do about the neutering surgeries?



So it all comes down to money...
Another thing!
You just received a lot of complaints from the local residents
What are you going to do about that?
uhm
hmm
Ah~ I don't care
Let's just do it!
huh?

First, money!
I was going to work an extra job anyway...

I thought that money was going towards your journey.

TNR is the same as a journey for me.
It's not a waste because I want to do this.

You should still go on the journey.
Why~
You're so childish
You wanted to experience the world as much as you can, while you still had the chance
TNR is also a good experience.

TNR is not for your benefit.
and neither is it for the cats.
Nya~

It's done so that people and Nya-vericks can coexist.

Aside from me, the only one who knows where all the Nyo-vericks live.

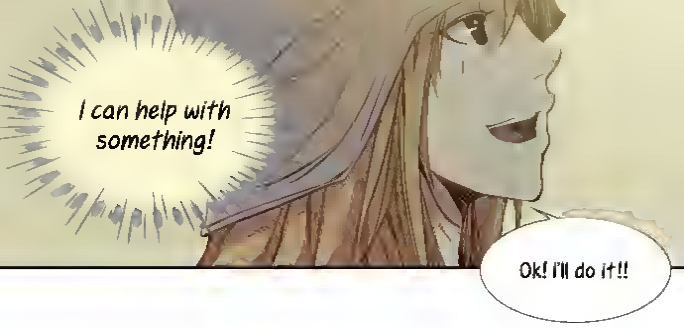
Please take care of them while I work during the daytime.



I can help with something!
Ok! I'll do it!!

Number One comes to us on its own, so it's fine.

The rest of them will be at the same place they're always at.
Number Eight might not come out though, since we're not that close yet.

It's okay. It still eats everything we give it.
Number four might return too
So I won't forget to..
The strays around here are annoying enough already.
Stop doing that before this gets more serious, alright?
What should I do if I run into her again...

What's wrong?
It's nothing.

I'll do my best

Yes!

Don't you think so?
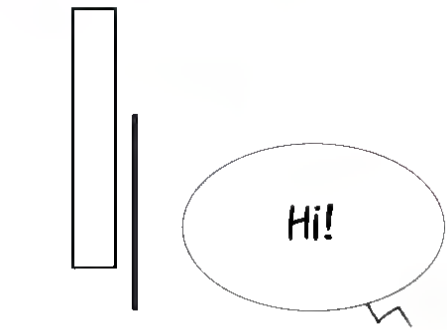
Wow...
Hard at work everyday...

Good afternoon!
Would you like some iced coffee?

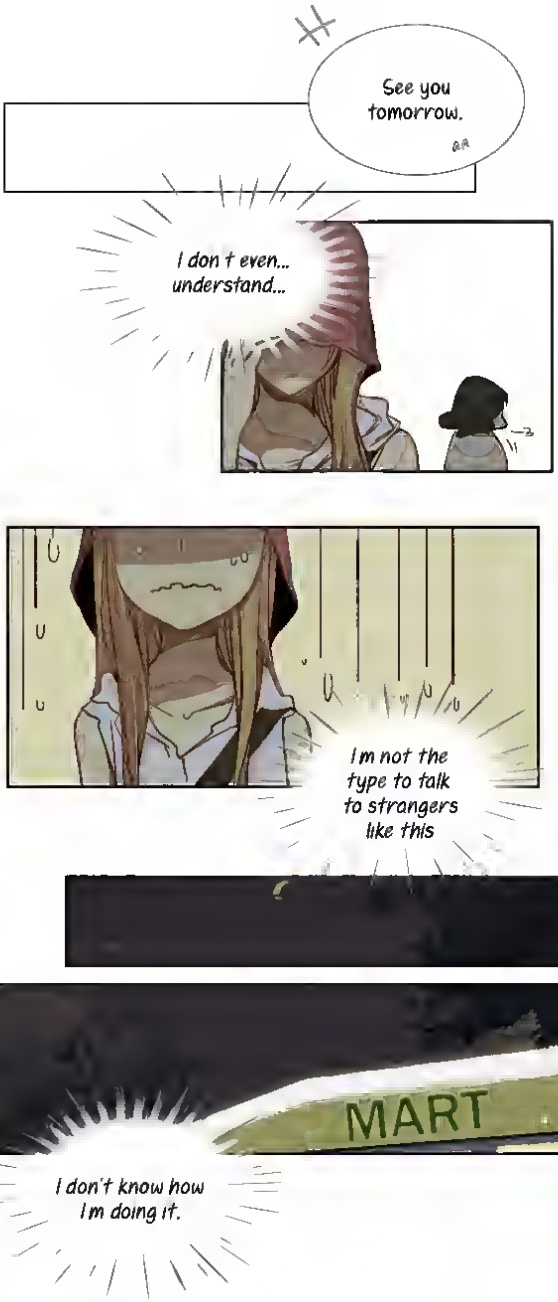
.....



Hi!

She really is devoted...
Hey, Agassi.
Shouldn't you be studying right now?
...

It's just for a few minutes during lunch.
Anyway
It's really hot today.
When do you think it'll get cooler?
.....



See you tomorrow.
I don t even... understand...
I m not the type to talk to strangers like this
MART
I don't know how I m doing it.

It's...
How to Make a Pretty Lunch Box

There's no work
because of the rain

-Donghwi- >_<

Oh!
That's great.

Nuna~♥

Whisper...
Nuna

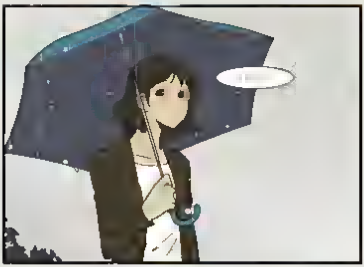
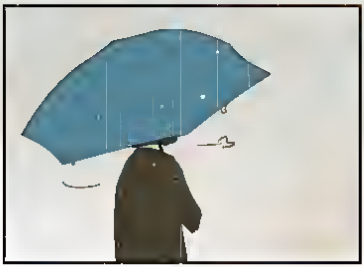
Awkward





She didn't yell at us...
Huh?

She still looks like she doesn't understand what we do, but,
she didn't yell at us like she did before
Great!

Don't you think it's a great improvement?
oops!

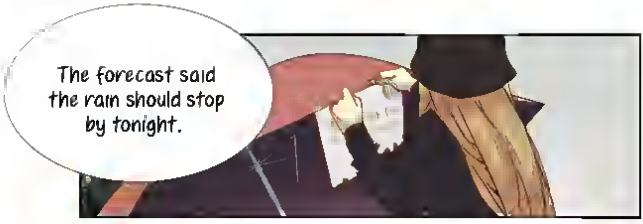
I'm sorry

hehe...
Ah!!

Nuna...
This is a little.



The forecast said the rain should stop by tonight.

I can come get it later.
I'll come back for it. Please do not take ^^.

I have a hat, so it's fine

Korean Honorifics Lesson!

Nim - A formal way of addressing someone typically older and/or more respected than you

Ssi - A formal way of addressing someone you do not know or are unfamiliar with

Nuna - A friendly way of addressing an older woman near your age if you're a guy

Hyung - A friendly way of addressing an older man near your age if you're a guy

Unni - A friendly way of addressing an older woman near your age if you're a girl

Oppa - A friendly way of addressing an older man near your age if you're a girl. Oppa is also used (though not synonymously) by girls addressing their boyfriends

Ajumma - Older woman typically aged between mid/late 30's – early 50s. Calling someone younger than mid 30's this is rather offensive

Ajussi - Older man typically aged between mid/late 30's – early 50s. Korean men especially those in their 30s prefer to be called hyung/oppa by those younger than him rather than Ajusshi

Sunbae - Is used to address senior colleagues or mentor figures e.g. students referring to or addressing more senior students in schools

Hubae - Is used to refer to juniors. However, the term is not normally addressed to them directly, and is mainly used in the third person.
This is nearly identical in Japanese with Senpai/Kohai honorifics

Naeuri - Was used by commoners in the Joseon Dynasty to refer to people of higher status but below "His Excellency"

Seonsaeng - Commonly translated as 'teacher" has much more formality and is used to show respect to the addressee. It is related to the Japanese honorific, "sensei" and shares the same pair of Chinese characters, representing 'mister' or 'one born earlier' (literal)

It's about time you learn them!

It was getting late...

Do you have to go back right now?
We wasted so much time...

♥
Did you get a text from your BF?
You've been acting strange these days. Did you get a boyfriend?

No... That's not it...
You're really care-free.
We don't have that many days left until the big test...
Hey-
What?
I didn't say anything wrong!
That's why you have no friends.

We're human, too you know!
Can't we have a boyfriend at this fresh age?
If I could, I would have one by now
What if you end up repeating again?!

Shut up
You're about to repeat for a 3rd time yourself
What?!

The test...
After the test is over,
my world will quickly change,
and I'll have to grow up and become an adult
But... That...
...doesn't change anything about the Nya-vericks.

When I think about that...

Happy

and thankful

I can feel my strength leaving me...

Something precious

that I shouldn't forget...

Hello.
Is there anything I can help with?
There's no need...
It's become cooler during the morning and the night.
Maybe we're getting into Fall now
Do you have any Cosmos planted for the fall?

Over there-
Looks like they're about to bloom...
I can't wait
You're really good at raising plants.
It would have been nice to plant some fruits, too
I'm not that good...
It's not even my land.
I just don't want the street to look so empty...
shuffle

Nyaz
Sink
Ah...Uhm... That's...
I can't Sigh really argue anymore...
....!
Agassi, it's not like you get anything out of taking care of stray cats.

If you like cats that much,
you could just adopt a little kitten
Why do you go on causing unnecessary conflict?
I just can't understand...

I didn't notice when I was in school,
but when I'm sitting in front of the desk all day
I can't stop having depressing thoughts
At those times,
it really comforted me to look at such lively things

At first, I just liked that feeling
Thinking of why
By looking at them, I realized that they lead a hard life...
they're called thieves...
Why they had to steal
They...
Don't have a place to eat
They have to rip trash bags
so they can quiet their hunger
And they have to quench their thirst with acid rain

Knowing this, I give them food and drinks so that...
they don't have to go hungry.
And if they are not hungry,
Living as humans, with sympathy for other living creatures.
If we could travel halfway between those two paths.
they won't have to rip open trash bags,
so the cleaned streets won't get dirty again.

For you, too, Ajumma.
Even if most people pass by without noticing,
they can always stop and rest here because of the street and flowers that were cared for
I thought it would be nice to solve some problems,
so that they wouldn't be hated so much.

If sharing my passion and love makes me happy,

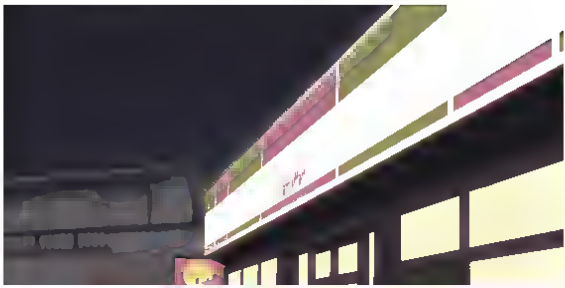
and I can help someone even in the slightest way,

Wouldn't that be amazing?

So I think what I do is similar to what you do

It's not even our land.

Why do you make more work for yourself?



I talked about the Nya-vericks with Aumma today. It went well ^□^
Yunlee
I knew it would go well!
If you weren't here, I wouldn't have known what to do thank-you~~
If it was just me I would have been scared too
Isn't it great?
That we met each other
..!
You're right

It's getting really late, so I'm going to hang up.

Good night, Nuna.

Yeah. Don't overwork yourself.

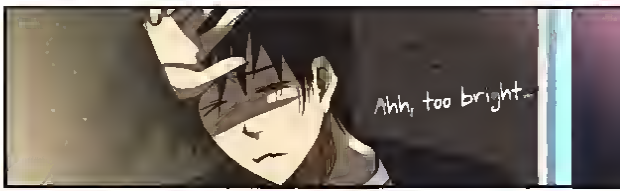
Bye



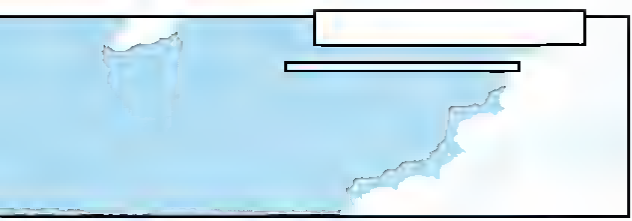
Ahh, too bright...

Isn't it great?

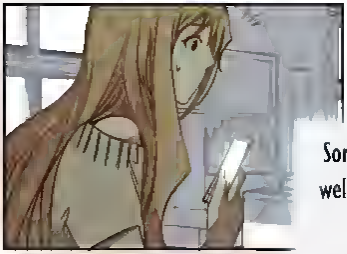
That we met
each other...

I just finished working at the store
Where are you?
Prep school?

-Donghwi-



Ah...



Sorry, I was in class. Sleep well and have a great day!

-Yunlee-

no... reply...

Class is starting.

eek^^;

Good job everyone
Yeah. You, too.
Ah!
Donghwi, you want to work another shift?
Hm...
I want to go see Nuna.
Not today

Is it a girlfriend?
She pretty?
Yeah she is
She s not my girl-friend just yet
What do you mean just yet ?
The good old days Haha
Someone else could take her, you know?
Huh?

You work both days and nights,
so when are you going to see her?
She's probably already seeing someone else!
hahahaa
I can't let that happen_!

You should have rested more instead.

I'm fine!!
I'm young!!
?
Your eyes are red...
But if I don't do this...
I'll never get to see you...

And we're always missing each other's texts.
That's true... but...

Let s just go to the cafe
My treat

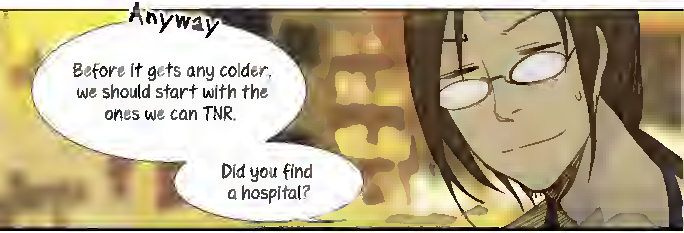
Oh--
That's good news.
Coffee
Cat lovers and other people...
are prejudiced against each other.

struggle
struggle
So it's hard to build a good relationship.

I'm not completely sure yet, but I have a feeling...
that she won't hold a grudge against us for no reason...
I have to do even better from now on...

I saved up a good amount of money!

I want compliments, too! Compliments!!



Anyway
Before it gets any colder, we should start with the ones we can TNR.
Did you find a hospital?

How about the one Mi-Nyang goes to?
Please introduce us

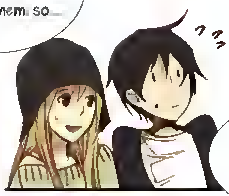
What about after the surgery?
Huh?
You can't just set them free again right after the surgery
Something could go seriously wrong
Then... they can stay at the hospital...

A lot of hospitals won't let stray cats be hospitalized.

Even if they do... probably no longer than 3 days

That's not enough to let them back out into the streets.

You and Yunlee-ssi aren't in the position to house them, so...



Can't be helped

I'll house them.

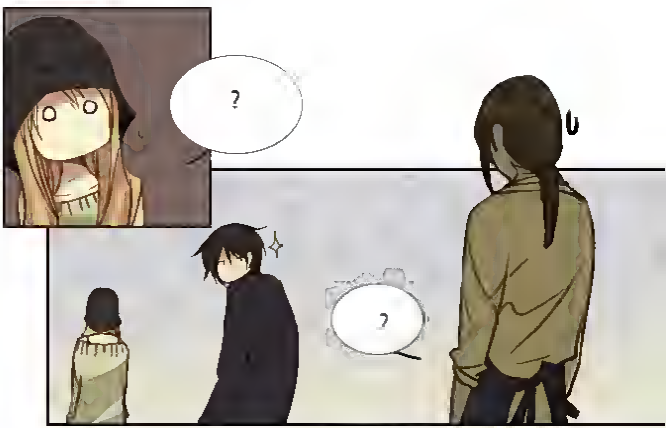
Really?!
If you need anything, please tell me
I already have everything for Mi-Nyang
.....

Just bring them here
Thank you so much

Someone else could take her, you know?

Oh! It's already ..
I should go back to school.
I'll walk with you.

It's okay. It's not that far..
You should rest here until...
I said I'll go with you.
serious



The reason you chose the café today ..

I thought if it was him...
Was it too obvious?
he'd take good care of the Nya-vericks...
.....
I could have done it, too ..

What's up with you today?
annoyed
You're already working hard for the money.
so I'm telling you to take it easy

Why do you keep forcing yourself?
If you're cranky because you're tired...
It's not that...
Then what's the problem?

I just...
Wanted to see you...
But you looked like you didn't even want to see me...
Why wouldn't I want to see you?

I'm just worried about you.
I know that... but...

.....
I'm really going to be late.
.....
I'll get going.
...

I...

Did he just call me your girlfriend?!!
Couldn't say anything
Wahh
So cruel!

because I don't want her to...

Make that face again...

Is it because he's working too much...?
That wasn't like Donghwi
He wasn't relaxed like usual...

It's Number 1
Today is a special treat!
Aiya Finally here
This is called Gyeongdan
I put water on your food
and brought extra canned food and anchovies, too

Enjoy your meal
Ah...Hello!

.....
I'll clean up nicely after myself.
Don't worry.
Don't mind me.
Do what you need to do.

Hyung, it's me.
That hospital you mentioned before,

No, there was an accident.

And we need someone to take care of him afterwards.

That's okay?
Yeah.

Alright. Thank you.

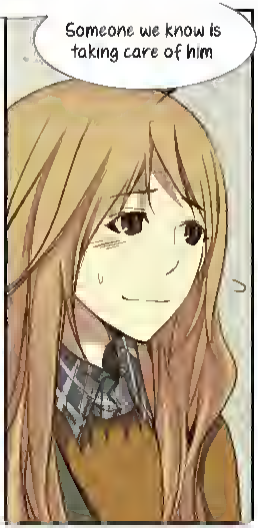
people so much?

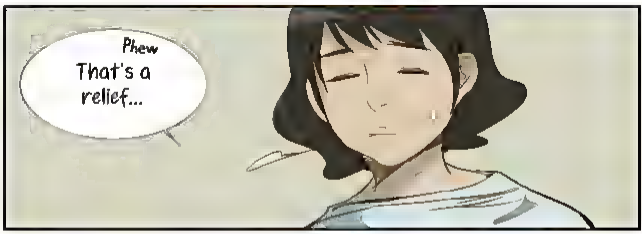
Your test is really close now, so...
I'll do it on my own
Mmm...

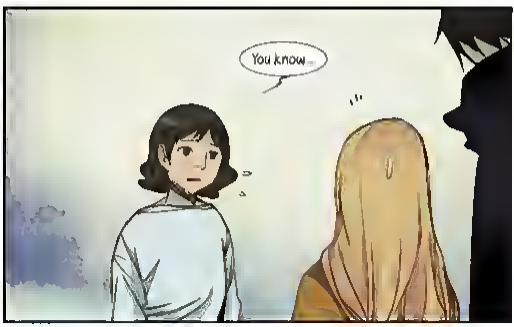
Agassi-!
What happened to that cat? Is he okay?
?

He wasn't badly hurt.

Someone we know is taking care of him







I'm sorry about what happened..

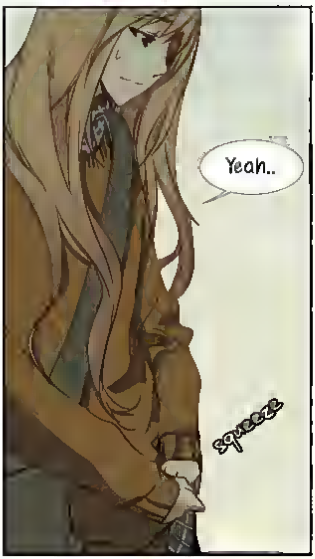
I'm not trying to defend my kid, but...

Uwaaaaa

?

He cried that much because he knew he was wrong.

You know kids.



If you have time, can we talk a little?

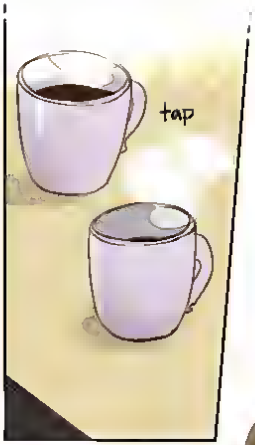
Chapter 20 Pumpkin Flower

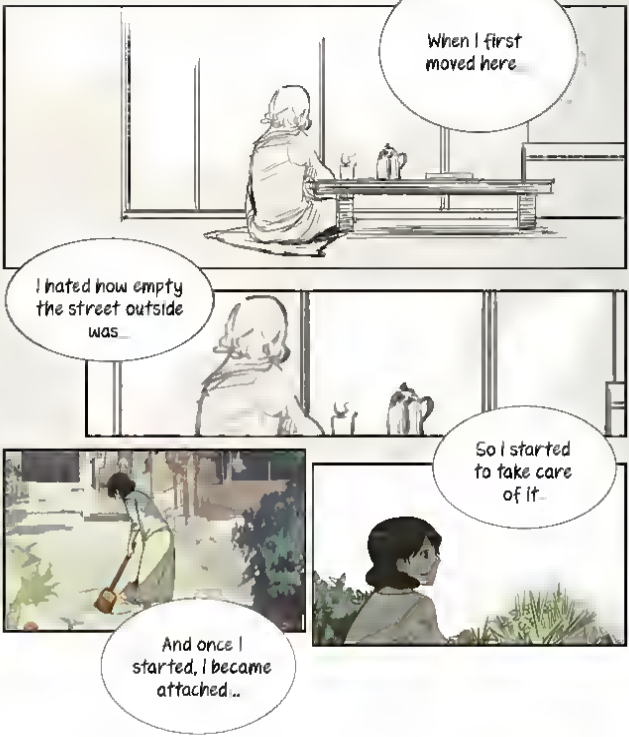


tap

Thank you.

A mother only wants to hear...
Kind and just words to come out of their children
Everyone Said So!
Hearing those harsh words..

Coming out of my child's mouth...
That those Strays need to disappear!!!
It made me feel terrible...
Even if they are just stray cats...
You can't treat a living being like that...
They say you have to really watch what you say in front of your kids...
Since I'm always talking about how much I hate them...
What do you mean stranger?!
Anyway if I see them again...
clatter
Ok, ok
I'm not going to let them get away with this
He must have started to feel the same way about them.



When I first moved here...
I hated how empty the street outside was...
So I started to take care of it...
And once I started, I became attached...

"She's strange."

I was annoyed that they didn't understand me

If you like cats that much...
You could just adopt a little kitten
Why do you do this and create unnecessary arguments? I just can't seem to understand.

But then i realized that i was ...
Repeating the same words that others used on me, to you guys.
Both cats and flowers.
Get our attention because they're alive.
We become attached to them because we see them.

But, now I understand...

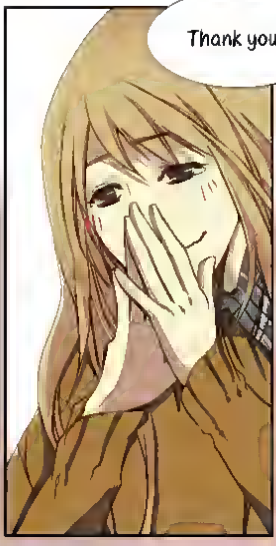
Especially after what happened yesterday.

And I'll take good care of the cats...

As I take care of the flowers.

Both flowers...

And cats..



Are important because they're alive!

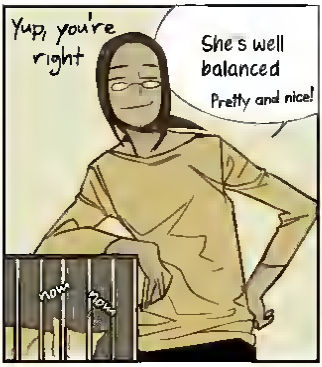
Thank you so much!

Hearing those words

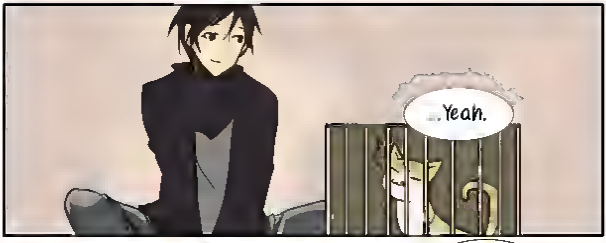
Made the world seem

Like a place with overflowing hope

Really?
That's great!
It's not that easy to be understood like that...
The Ajumma was really nice.
But if it wasn't for Nuna...
It would have never happened.
Smirk
Let's eat
Um~



Yup, you're right
She's well balanced
Pretty and nice!
Mow
Mow



...Yeah.

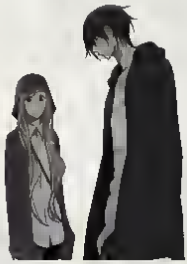
She's great.

So great...

That...

When I'm twenty-one,

Can I become like you?



Then at that time

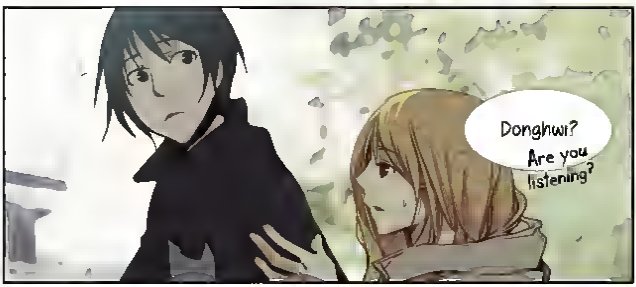
I don't know how...

Would I have the right to say I like you?

...to close up that 2 years gap.

You went to see Number 1? How is he?
Sehr~
Hyaaaa~
hiss
He got used to the atmosphere really fast
Hyung completely fell for his charm and Mi-Nyang is jealous... / haha

That's great!
Then should we set a date for the surgery before it gets too cold?
Oh, and I heard we have to tip the ear...
As a sign that he has been neutered.
Couldn't there be another way?
.....



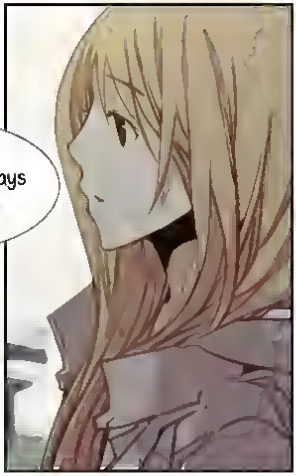
Donghwi? Are you listening?

Your test is getting closer
Shouldn't you really start focusing on that now?
Relaxing during lunch time should be okay

Why are you more worried about my test than I am?
.....
When the test ends.

Then I'll be twenty.

But at this rate, I...



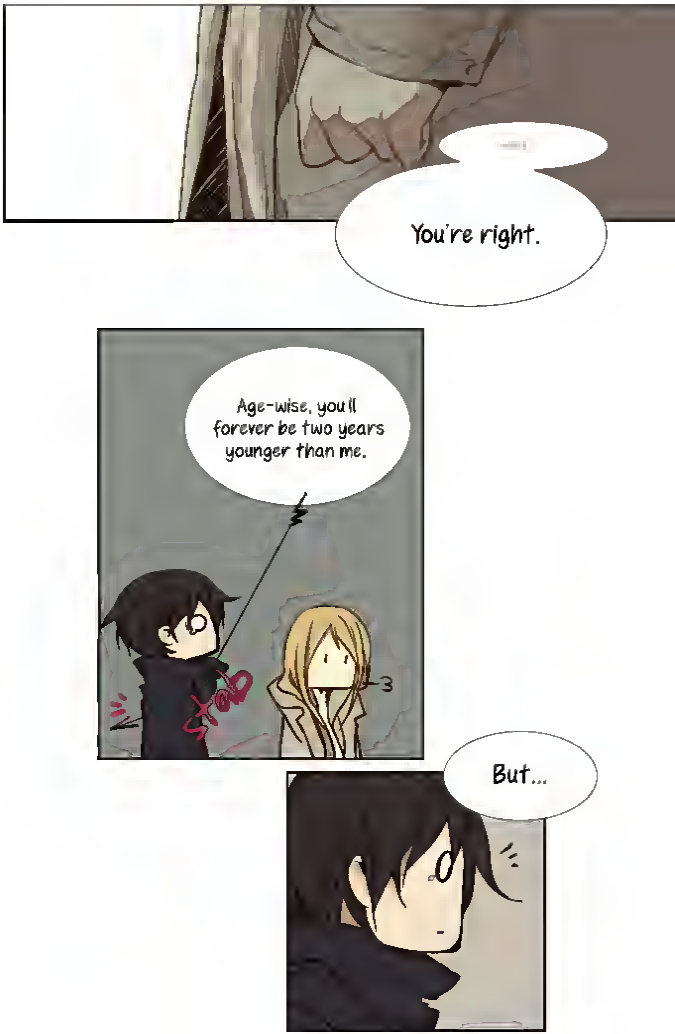
I feel like I'll always stay a boy.

Who is two years younger than you.

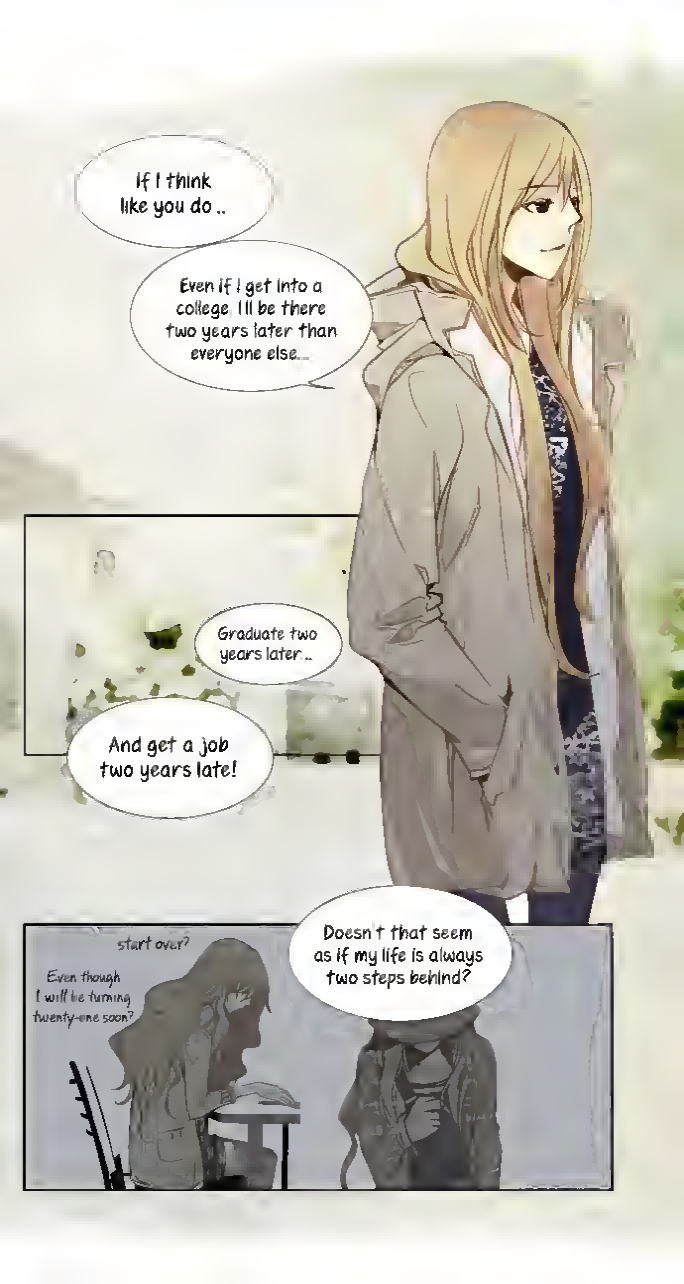
I want to become an adult befitting the age of twenty

But I don't know what I could do...

That's not true.



You're right.
Age-wise, you'll forever be two years younger than me.
But...



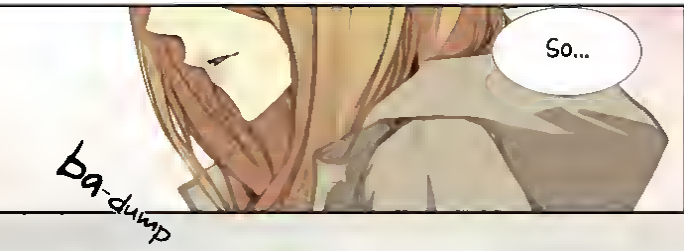
If I think like you do..
Even if I get into a college, I'll be there two years later than everyone else...
Graduate two years later...
And get a job two years late!
Doesn't that seem as if my life is always two steps behind?
start over?
Even though I will be turning twenty-one soon?

That's not true
What I meant was... That...
I know.
I don't think about it that way anymore, either
I couldn't become a college student at twenty

But I've met you and the Nya-vericks at twenty-one.
And gained something precious

Something precious?
If I just pass by, they look like weeds...
But when I pay attention to them, I realize that those flowers are alive...
And if we take good care of them...
Even the Nya-vericks will become important for some people

If it weren't for you...
There would have been a lot of things...
I've always wondered...
That I would have missed on
ba-dump
No, fantasized...
About what kind of expression...
ba-dump
The girl I like would make...
Or how she would react...



...When I confess my feelings to her.

To be continued...

Chapter 21 Cyclamen

So...
If you ask me... there are more things in life than just a difference in age...
Between nineteen and twenty-one
What I like is... kind people.

And ofcourse you are one of them.
You will always be a kind person.

So, I'm a kind person?

Yeah.

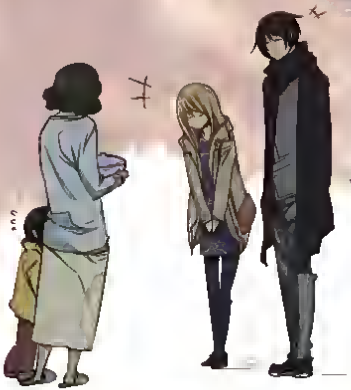
Since you said you like kind people

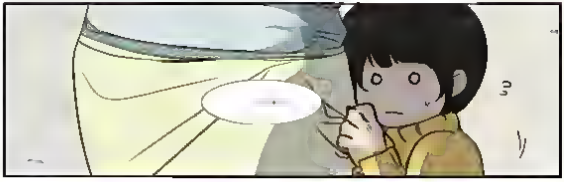
Does that mean you like me?

.....
bzt
dump
Hmm...
Nuna-!
You can't run away after lighting a fire in a man's heart!
I don't care!
You're too loud.
I'm too busy studying. We'll talk later.
Don't pull that on me now!
I'll get angry-!
Nuna-
Nuna-
Nuna-
skip
skip
skip
Go away-

Hello!

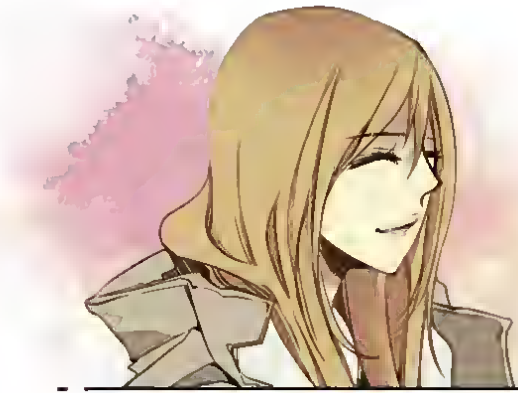
Agassi!
I have some leftover anchovies. Can I feed this to the cats?
Of course. Thank you.



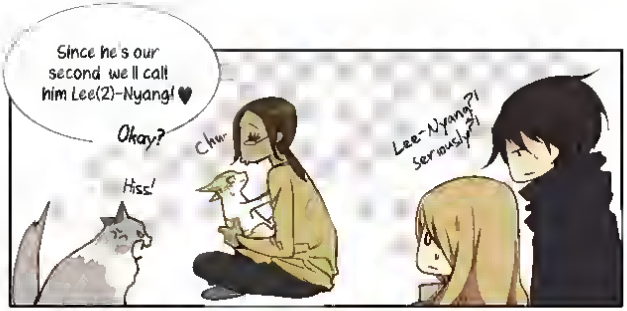


When kids...
Please don't hit the cats anymore, okay?
I won't!

Want to become better kids .



And adults ..

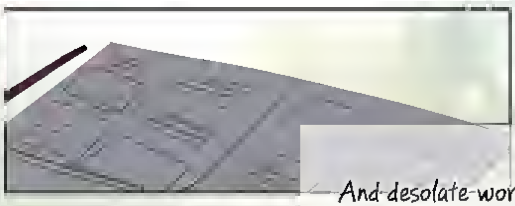


Want to become better adult..

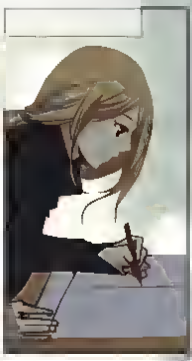
When you think like this

hmm

Put everything away now
gulp
When you aim to be a better person...
Even when you'll have to face the
Overwhelmingly, dark, unfathomable...



And desolate world...

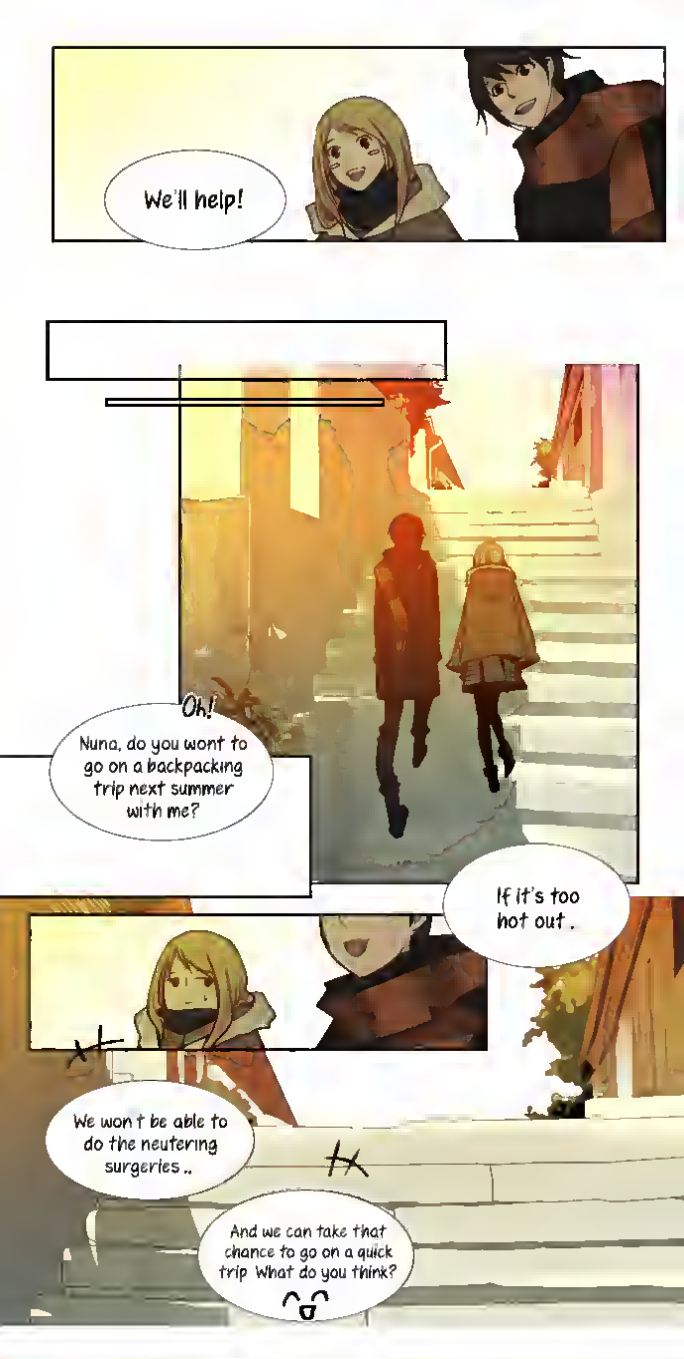


You can feel the warmth...

That will give you the power to keep going

It's over...
Good work.
Huh? You came?
I was just about to go feed our cats
Want to come?

Now that your test is over, are you going to work with me?
Of course
Uhm, hello..
What are you doing?
I thought it would be nice for the cats to have a shelter since it's getting colder out.
We also had some blankets we weren't using.



We'll help!
Oh!
Nuna, do you wont to go on a backpacking trip next summer with me?
If it's too hot out.
We won't be able to do the neutering surgeries..
And we can take that chance to go on a quick trip. What do you think?

Ah!
It's Number 4!

Long time no see~
Come here.
Let's eat!

Coffee
Take out
We're here~

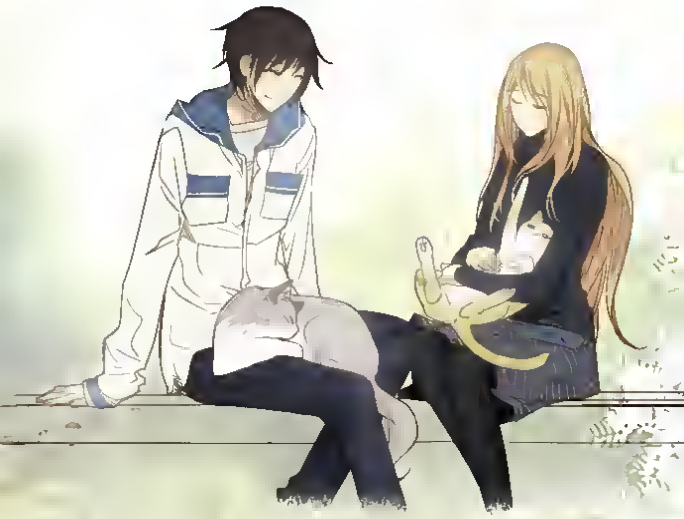
Is like the warmth of a cat

As long as
I don't forget this...

I can't lose!

Nya~

I'll be fine.



Even in the next
twenty years as an adult

That I can't even imagine right now...

I'll be fine

Yunlee! Where are you? Why aren't you home yet?!

Mom?!

it's late. I have to go home.

I'll walk you home.

It must be winter now since the sun has already set.
Haa
Um... Nuna...
Hmm?

So... Um...
You're really going to work with me now, right?
Huh?
Yeah.
What about the backpacking trip?
What if another person joins us? I'll think about it.

...Then...
From now on, can I think of you as not just as a Nuna I know...

But as my girlfriend?

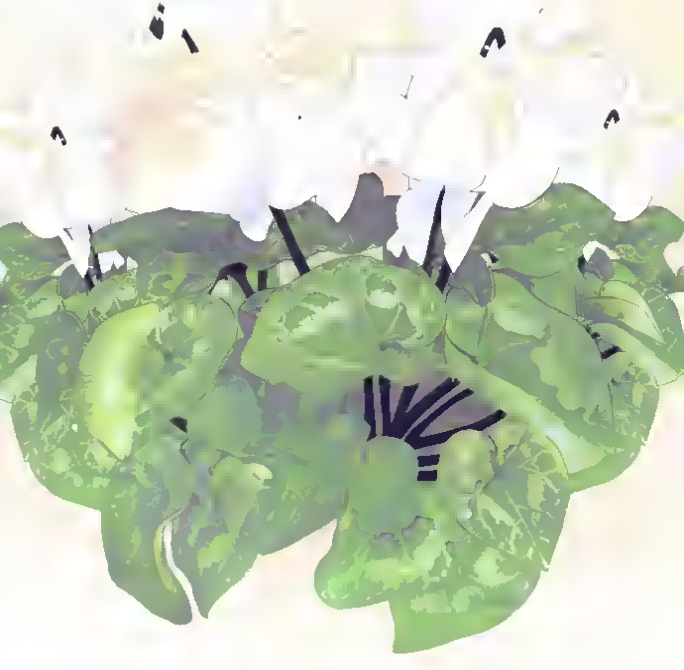
.....
...Yes.
yes?!
You were going to give in that easily?
And after all the worrying!
Huh?
Hehehe
Th-then can I just...
Check one more thing?
Huh?!

Ah~
Ah~
Ah~
Nuna is all mine now!
Run~
what?!!
Stop!
Nuna!

We can't starve our cats even for one day..
So go on a date with me every day!
Okay?
.....
Haha.

So...
Let's meet for lunch tomorrow!
Yeah!
With the Nya-vericks...

And with all the people
I care about...



I will be fine forever.
